### The Application Process

#### **How are the applications graded?**

There will be three rounds of grading. During the first round, your application will be personally evaluated by three reviewers on our scholarship committee. Each reviewer assigns each application a numerical score and that score is averaged and computed into a final score. The top 25% of the applications will advance to the next round where the applications will be reviewed by the scholarship committee. Each reviewer assigns each application a numerical score and that score is averaged and computed into a final score. The top 25% of those applications will be reviewed by Ms. JerrKelia Bazile and she will select the scholarship recipient.

#### **How do the reviewers decide what grade an application gets?**

Each reviewer is free to develop his or her own objective grading standards. Reviewers like to consider a wide range of factors including your GPA, income, goals, writing ability, service history, personal stories, and any other information you choose to share in your essay.

#### **Who are the reviewers?**

The reviewers are people of many different faiths and experiences. However, they all hold at least two things in common: a belief in the importance of education, and a passion for giving their time and effort to the community.

#### **Are previous winners of the JerrKelia Bazile Scholarship Fund eligible to apply again?**

No. The scholarship is for graduating seniors.

#### **What if I forget to submit a portion of my application?**

If an applicant is missing any items from the application, it will be discarded and the applicant will not be considered for the scholarship. All materials should be submitted on time.

#### **Can family members apply for this scholarship?**

Family members are not eligible to apply.
